#13

We think we're finished. What now?

WHAT'S HAPPENING?

It works! Nice. You still have time. Use it.

TRY THIS

1. **Publish it now** (radiator #1).
2. **Hand it to someone outside your team.** Don't explain it. Watch them use it.
3. **Fix the first thing that confused them.**
4. **Start your 7 slides** and grab screenshots.
5. **Add one thing that makes it fun.**

STILL STUCK?

Ask AI: "Here's our project: ___. Who would use it? What would make it 10% better for them?"
