How do I submit everything?

WHAT'S HAPPENING?

Time to turn in your 3 things. Five minutes. Easy.

TRY THIS

- ☐ **Live project link** works (open it on a phone).
- ☐ **7-slide presentation** saved as TeamName_Slides.
- ☐ **Recorded walkthrough** saved as TeamName_Walkthrough.

Scan to submit

Scan to submit (or open live.projectpaideia.com/submit) → upload both files to Dropbox → fill in the short form with your live link → wait for the "Received" screen.

STILL STUCK?

Upload slow? Send the slides first, then the video. Video won't upload? Bring your laptop to the facilitator table and we'll copy it with LocalSend.

NEXT STEP

Show a facilitator your "Received" screen. Then you're done. You built something!
